HURRAH! HURRAH!

The winter term of Berea College
opened with a rush.

President Frost and about fifty
teachers were on the platform, and
the great Tabernacle was filled with
the eager faces of new students, and
former students returning.

The new extra dining room at the
Ladies Hall is simply beautiful, and
the new rooms for young men in the
upper story of the Industrial Build-
ing are the best the College has ever
had for its students. No term has
ever opened so pleasantly.

Special arrangements are made for
those whose schools are still in session
so that they must come in a little
late.

Our next big day will be Christmas.

FARMERS, ATTENTION!

Do you wish to get more money out
of your land?

Then send your brightest boy to
Berea this winter. He can take, be-
sides other studies, instruction in
Fruit Culture, Farm Management—
improvement of soils, etc.,—or the
Care of Cattle. Some of your neigh-
bors are sending their children, and
you do not wish your family to be left
behind.

Music in Berea.

LEARN TO PLAY THE ORGAN.

This is an accomplishment that
every young lady desires to possess.
The organ is the musical instrument
most used in our homes. It will be a
great pleasure to you to know how to
entertain your parents and friends,
and to assist in Sunday school work.

A term's work in organ costs
only five dollars, and for two dollars
more you have the use of a high
priced organ for one hour a day
through the twelve weeks.

Some of our girls are now earning
money by teaching music at their
homes.

LEARN TO SING BASS

Or tenor. It is a source of satisfac-
tion to a young man to be able to
read part music; more than that, it is
invaluable as an aid to school or
church work and as a social introduc-
tion among the best people every-
where. Classes of young people
which meet twice a week to study part
singing under Prof. Weaver himself
are formed each term, and are ABSO-
LUTELY FREE. Alto and Soprano are
also taught in the same classes.

Notice—The songs learned in these
"Choral Classes," as they are called,
are just the thing to use in your school
and Sunday-school exhibitions.

Carpentry Study. Apprentices Course.

CAN YOU

Mend a wagon?
Put up a corn-crib?
Make a neat bedstead?
Earn \$2 a day with tools?
Put up a shelf in the kitchen?
If you cannot do these things, and
if you would like to be handy with
tools, let us help you. We have regu-

lar classes in this kind of work; six
men are employed to teach woodwork
alone. You will have the best grade
of tools loaned you; and as soon as
you show yourself a good workman
you will be paid for the work you do
and so earn a part of your expenses in
school. The new chapel is to be built
by our students, and now is the time
to get training for such work.

Machinery.

It would pay you to come to Berea
just to examine the steam and elec-
tric machinery in our buildings;
turning lathes, planing and morticing
machines, printing presses, a brick-
making plant, a laundry, an electric
light plant, and a steam heating plant
are some of the features in which you
would be interested. Students operate
all these. Why not be one of them?

If You Want to See Any College
Officer.

President Frost, Treasurer Osborne,
and Secretary Gamble are busy men,
glad to see their friends however, and
they are always in the Green Build-
ing with the cedar porch for an hour
in the morning right after College
Prayers. Their hour to do business
is 9:45 a. m.

At the same hour you can find the
Dean of Women, Miss Robinson, in
her office at Ladies Hall, and the
Dean of the Collegiate, Normal and
Preparatory Departments, as well as
the College Registrar, in their offices
in Lincoln Hall.

Tutor Disney, Proctor for men and
boys of the Model Schools, has his
office in the old Treasurer's Building
next to the fence. Call at the office
hour, 9:45 a. m.

FOR SALE

TWO HOUSES and LOTS in Wal-
laceton, Madison County, Ky. Five
miles south of Paint Lick, three miles
and one half west of Berea. Said
lots have about one acre of land in
each lot, good comfortable dwelling
houses, six rooms to one house and
eight rooms to the other, all plastered
throughout.

On one lot there is also a large
roomy storehouse, sufficient room to
handle a good stock of goods, and
also a splendid locality to sell goods.
Three churches are almost in sight of
the place; one schoolhouse within two
or three hundred yards, all together
making this a very desirable place to
live; an excellent place for a good
doctor, and the people would be glad
to see him come.

These lots can be bought at low
prices and on easy terms. If not sold
between this and January 1st they
will be rented for the coming year.
